CHICKEN SCOUP

FOCUS ON LEARNING LIVING SCIENCE AT ABBIE SCHOOL

By Rylan Horn

On campus, Ray, Cashmere, Clover and Juniper are the chickens at Abbie School. There is a new chicken who does not have a name. Vote for a name by dropping off your suggestion to Maureen in Fine Arts. Students enjoy watching them eat their diet of seed crumbs as they pluck their feathers to create a comfy place to live.

They chatter in chicken talk and provide Abbie School with eggs for sale at \$4.00 a dozen. Egg carton donations are always welcome to help transport the eggs from coup to home.

It is always a treat for a student to visit the chickens so a great big thank you goes to Ms. Anna for keeping the chickens happy in their coup and bringing living science to Abbie School.

DEAR ABBIE

Dear Abbie,

Our school has banned wireless earbuds. We are only able to use wired ones. What advice do you have for us on how to handle being upset about this?

Dear missing wireless earbuds,

It is most likely that the school made this decision because phones are not allowed to be used during school time and wireless earbuds give students the opportunity to connect with their phones. The school has determined the best way to enforce not using cell phones is to only be able to use wired headphones to monitor cell phone use. It is important for students to follow the rules.

Sincerely, Abbie
